FROM TIME TO TIME WE have kept you informed of the high quality announcements and/or invitations that often come across our desk.

Maybe "high quality" is not quite the proper description. Many of 'em are so far out of our reach and out of our league one way or another that we often wonder just how our name gets on the list in the first place.

Probably someone didn't do his homework in checking us out.

We may not have the right attitude.

Maybe our ego should be inflated for just being asked to some of these highfaluting shindigs.

There have been times when we have wondered how it would be to mix with the black tie set at some of the affairs.

But we are afraid we would be out of it in the conversational line when they started comparing their yachts.

There is, of course, a certain amount of envy mixed up with dollar signs in our reasoning.

Now, don't get us wrong again.

Some of the affairs are commendable activities.

They just happen to be beyond our depth. That's all.

TAKE AS A F'INSTANCE - The American Institute of Interior Designers of California recently requested the pleasure of our company at a "grand premiere" of Metro-Goldwyn-Mayer Memorabilia".

The invitation specified "black tie", "buffet and no host bar" and that it would be held at the MGM Studios.

Unfortunately, it was not convenient for us to attend the affair.

But it did sound interesting. It might have been fun to mingle with the sponsors who were listed.

Some, we noted, sounded vaguely familiar. For example: Mr. and Mrs. Jack Benny, Mr. and Mrs. Bing Crosby, Mr. and Mrs. John Wayne, Miss Irene Dunne and a number of others we had heard of some place before.

It sounded like it would have been a real bash...On a high and glamorous level, of course.

-0-

ONE PAGE OF THE INVITATION was devoted to an explanation of the reasons why the benefit premiere was being held.

Would you believe it was to raise funds for the building of a permanent executive residence "reflecting the culture and heritage of this great state"?

The American Institute of Interior Designers have created apparently a non-partisan, statewide organization of A.I.D. volunteers to establish such a fund and we were invited to join with them in the MGM Memorabilia benefit premiere.

Man alive it sounded like a fun-time: "Come stroll and dine along MGM's 'Street of Dreams'. Re-live the glamour and romance of the Hollywood of the past half century. Roam through the sound stages overflowing with thousands of fine antiques, period furnishings, vintage firearms and cars, costumes by Hollywood's great designers, paintings, imports and sculpture seen in more than 2,200 films over the past 56 years.

"We are privileged to be able to extend you this invitation to the only private benefit preview to be held before David Weisz opens the nostalgic and historic collections, recently acquired from MGM for public viewing and auction...'A.I.D.F.E.R.'—American Institute of Interior Designers For an Executive Residence."

Will try again next Monday

Council splits over awarding contract for new city hall

A badly split City Council, after a four hour frustrating attempt to find some answer last Monday, will try again next Monday, May 11, to resolve the question of awarding or not awarding the contract for the city hall for the current low bid of $779,000.

Last Monday night in a special session called for the sole purpose of considering the city hall bid situation, the Council by a 3-2 vote first rejected all bids for the city hall.

Later in the evening, after a lengthy discussion on all the ramifications involved, by another 3-2 vote, the Council decided to reconsider the bid question which, in effect, reopened discussion on the original motion.

And then to wind up the evening festivities, a final 3-2 vote deferred further action on the matter until next Monday's meeting.

The low bid of the Frazier Construction Co. of $779,000 would force the City to take definite measures to offset the deficit in funding of approximately $62,295, probably through a substantial tax hike. And that was where the Council had its hangup on Monday night.

Councilman Ralph Doetsch made the motion to reject all the bids and start over again with plans that would come closer to the city's pocketbook.

Before Doetsch made his motion, City Attorney Joe Bonacina warned the Council that no changes in the construction that would lessen the cost should be considered prior to the awarding of the contract that was based on the bids that had been recieved last week. (There were 12 bidders for the job.) He emphatically pointed out that the other contractors involved in the bidding could then have possible recourse against the city if that occurred.

Freshman Councilman Bill Podgorsek seconded Doetsch's motion to reject the bids.

Podgorsek questioned why the floor space of the proposed city hall had been expanded from what was originally suggested at the time the bond issue was approved by the voters.

"A modest city hall was proposed then," Podgorsek said, "and perhaps we should cut back to that idea."

In the showdown on the voting, Mayor Dean Chamberlin sided with Doetsch and Podgorsek.

Mayor Chamberlin pointed out that the Frazier bid was only 3% higher than the architect's estimate and that Architect Bill Hedley had stated that it was a "good bid". Chamberlin wondered why in light of the city's fiscal picture that the estimate had been so high.

Hedley then reiterated that the bid was a good one, in his opinion, and that a 3% "miss" in the estimate was considered sound. He indicated also that his estimates were based on directions received from the Council as to what was desired for a city hall.

Hedley also emphasized that it was true that rejecting bids and asking for new bids generally resulted in "financial disaster". The bids the second time around generally would be higher, he added.

Councilmen Bill Smeed and Ed Rogers maintained that the bid of Frazier should be accepted and that an additional tax rate for one year to

'Colonel Sanders' needs new plans

Plans for a Colonel Sander's restaurant at the corner of Winchester and Latimer were approved by the Planning Commission on Monday night, provided that the restaurant owners improve the design that was submitted.

The Commission also approved a use permit for Baker Trailer Sales, at 2105 S. Bascom, to allow the firm to use a building that was originally designed for residential purposes for an office.

Approved also were plans for two storage sheds for Glage Underground Construction at 116 Dell and for an office/commercial complex for W.F. Byrnes and W. Errico at 2985 Winchester Blvd.

In a pre-zoning action affecting an annexation on Smith Ave., the Commission decided to make it R-M, a zone that is now being modified which will allow for more restrictions as to the density on the narrow lots.

The Commission also denied without prejudice the zone change application of Marshall Davis and Vernon Renner to allow the applicants to apply for R-M zoning on their properties on Hacienda Ave. They had asked for R-2-S.

The Commission also took steps to establish permanent zoning for the civic center district and scheduled a hearing for June 1 for the establishment of a civic center zoning district.

A six-month extension was granted Anthony C. Morici for the development of the commercial complex on the former Gomes Ranch. Time has expired also, it was pointed out, for the development of the 780-unit apartment complex on the same property.

Approved also was the parcel map submitted by Tony Kovac for property at 1091 Dell Ave.

Fire damages apartments

Major fire damage was suffered early Saturday morning when a deep fat fryer left on the stove at 621 Laura Dr., Apt. A, caught on fire.

Fire trucks rolled from Station No. 2 on Sunnyoaks Ave. at 2:54 a.m. after David Sibert awoke to find the kitchen cabinets, drapes and walls on fire. He had fallen asleep while watching TV. Mrs. Sibert and baby were visiting out of town. Smoke damage was extensive throughout the apartment and some damage to Apt. C of the same address. The building is owned by Marshal Dahenke.

Arson is being investigated in a fire at Keith's Fire Service on Wednesday, April 29.

OFFICIAL SLINGER—Mayor Dean Chamberlin tossed out the first ball last Saturday which officially opened the 1970 season for the Campbell-Moreland Pony League at the city-owned Rincon Park.

MOTHER OF THE YEAR--Mrs. James Phillips, mother of six, looks over one of the many ballots nominating her as "Mother of the Year" with Fran Clever, Campbell Press woman's editor.

Readers pick mother

Mrs. Phillips, or Alice, as she prefers to be called, resides at 2158 Abbey Lane. She and her husband, the parents of six, are active leaders of the St. Lucy's High School age group; she is principal of the church high school religious education program and a member of the Board of Confraternity of Christian Doctrine.

The children include Rose, 13, and Jimmy, 12, Campbell Elementary sixth grade students; Edward, 10, fourth grade, Campbell Elementary; Diane, 10, and Valeri, 6, at Hamilton School, and Monica, the two-year-old. The teachers of their children report that the children are all doing well in school and that the parents are "interested and cooperative".

Mrs. Phillips, with her husband Jim, open their home to the teenagers several nights a week as well as conducting teen-age dances, taking the group on camping trips and other outings. In all of these activities, their children are "part of the group."

The question arose as to "Why all this work with high school age children, when you have none that age yourself."

Mrs. Phillips' answer was frank and to the point. "It's a selfish thing really. My husband and I looked around and found there was no organized teen-age activity in this area, and we knew our children would need one when they got up to this age. So we are pre-

Dedication of Jack Fischer memorial to take place at San Tomas School

A commemorative plaque, embedded in a boulder in the front yard of the San Tomas School, will be unveiled next Tuesday, May 12, as a climax to the official dedication of the Jack C. Fischer Memorial, a reading guidance program of the Campbell Union (elementary) School District.

The program is scheduled for 7 p.m. at the school at 1510 Hacienda Ave.

Mrs. Cathleen Whitney is general chairman of the event and she urges former students and friends of the late Jack Fischer to attend the ceremony.

Jack C. Fischer was principal of San Tomas School for 13 years. Shortly after his untimely death in 1966, the trustees of the district authorized the establishment of a leading guidance program for the district in his memory.

It was thought by those who knew Jack that naming a program after him was particularly apropos because it was a field in which he was vitally interested. When serving as principal, he was known to have developed his own special reading program for less advanced youngsters in his spare time.

The Rev. W. H. (Ben) Gould will give the invocation and benediction at the ceremony and Neal Royer, superintendent of the district, will introduce the program which will include musical numbers by students of the school.

William C. (Bill) Henley, long-time superintendent of the school district, will give the principal speech. Henley was superintendent during most of the years that Fischer served as principal at San Tomas.

In addition to the dedication of the reading program in Fischer's name, Mrs. Jack Fischer, widow of the late principal, will present a $100 scholarship check to a Campbell High student. (The scholarship was set up about three years ago, and each year a deserving student from either Westmont or Campbell High is awarded a $100 scholarship.

"Dillon" zoning goes to Council

That sticky question of what the zoning should be for the Gilman - Dillon - Railway area comes to bat again before the City Council next Monday, May 12, when the zoning recommendation of the Planning Commission is considered at a public hearing.

The Commission has suggested that the entire area be zoned P-D (planned development), a type of zoning which specifies that plans for any development must first be submitted for approval to the Commission.

The area in question has been under an interim zoning for about 18 months in order to give time to study all the possibilities of getting federal aid to develop low-cost housing in the area.

However, because federal funding is indefinite, the Council directed that the interim zoning should be extended only for 120 days. Hence the recommendation of the Planning Commission.

Under the land use general plan that has been adopted the area is designated for multiple housing.

The Council next Monday must also modify that portion of the general plan.

The Commission has already suggested that the plan be modified to allow multiple housing, commercial, professional office and industrial uses.

Complicating the problem is that the area prior to the interim zoning had been zoned M-1-S (light industrial) and a number of substantial industrial buildings have been constructed. At the present time at least three applications have been filed for additional industrial buildings.

CONSIDER YOURSELF AT HOME---Greg Benner as the Artful Dodger in "Oliver", tells Phillip Stanton, in the role of Oliver to make himself at home. The Dover School children will present the musical under the direction of Mrs. Diane Neal on Tuesday and Wednesday nights on May 12 and 13 at 8 o'clock at the Dover School auditorium, 1300 Sheffield Ave. L. to r. pickpockets are played by Joe Aldrete, Terri D'Attilo, Susan Norton, Bill Wright and Gaye Cohen. A 65-member school chorus presents duplicate casts with Mark Burton as the alternate "Oliver". Fagin is played by Curtis Mattos and Bumble by Robert Kugler. The story is narrated by Bruce Hokanson. Open to the public, both nights. No admission charge.

Two ballot measures on June 2 affect Campbell school district

Voters in the Campbell Union (elementary) School District will be asked to approve two issues on the ballot at the election on June 2 which affect the district.

One measure asks for electorate approval to allow the district to sell the bonds remaining from the bond issue approved in 1964 at a maximum rate of 7%.

In September, 1964, a $5 million bond issue with a maximum interest rate of 5% was approved by the voters.

Since that election, $2,410,000 of the bonds have been sold for an interest rate of less than 5%. However, district officials point out that $2,590,000 remain unsold and that there are no takers at the 5% rate.

Approval of the voters is needed, before the maximum interest rate can be raised.

The second measure facing the district voters is a request to increase the maximum tax rate of the district by 60¢ per $100 assessed valuation for a three-year period, from the present $2.55 to $3.15.

District voters in September, 1966, approved the continuation of the maximum tax rate of $2.55 for a period of five years.

Neal Royer, district superintendent, explains that the district needs to use bond money for additional classrooms at Hazelwood to eliminate the need for youngsters in the fifth and sixth grades to walk to Campbell Elementary.

He also indicated that library and physical education facilities are needed at Cypress as well as additional planning space for teachers at Campbell and Forest Hill. He estimates that approximately $500,000 is needed now.

Bond monies, the superintendent adds, can only be used for sites, buildings and improvements.

The increase in the current tax rate is needed, Royer points out, to offset rising costs in the education field. Inflation has played a big part in the spiraling costs.

Without the tax increase, district officials have indicated that it will be necessary to institute a drastic curtailment in the entire education program.

JAYCEE PRESIDENT—Allan Blaine, owner of Blaine's Aero Pharmacy, at 2075 S. Winchester, Campbell, has been elected president of the Campbell Jay-Cees. He succeeds Nozer Haladwala.

Other officers named for the 1970-71 year and who will take office in June include: Joe Brundage, vice-president; Dave Valkenaar, state director; Bob Jacobson, external director; Ben Woo, internal director; Rich Kaylor, treasurer; and Hank Vanderhulst, secretary.

Editorial

Mothers Day May 10

That old cliche' in newspapering that an editorial writer can be safe if he comes out for motherhood and against sin, appears to be not as "safe" in these times as it was in the past.

There seems to be a contingent around that apparently has developed a new concept as to the meaning of sin or morals and we expect almost any time for a group to advocate the doing away with motherhood altogether, although we are not sure exactly how that can be managed.

But, in the meantime, mothers will be honored throughout this land on their day this coming Sunday, May 10.

It is a tradition that we think is wonderful and should be respected by all, for it seems such a small tribute to pay one day of the year for all the sacrifices that a mother has to put up with for the rest of the time.

So The Press joins with all of you in paying tribute to all mothers on their big day, Sunday, May 10.

It's our concern, too

On the surface it would appear that the current teacher strike in Los Angeles is far removed from this community and would not be a subject which has enough local significance for editorial comment by this newspaper.

This community newspaper is primarily concerned with local issues and its editorials are geared to subjects about which this newspaper is well informed.

But the teacher strike in Los Angeles does concern us.

We can't help feel that the action of the teacher organization in Los Angeles is making a mockery of the fundamental principles of our society.

By their actions, the teachers, in effect, have indicated that contracts duly signed and executed mean nothing and, furthermore, court orders are also meaningless.

Obviously, all persons should have the right to protest their working conditions and every effort should be made to better their situation.

So we are not commenting on the so-called grievances that may or may not exist.

We do maintain, however, that to flaunt law and order and to maintain that contracts that were issued in good faith need not be honored is something else again.

Such actions on the part of any group would be dangerous.

But to have teachers, to whom impressionable youngsters have been intrusted for guidance, decide that contracts mean nothing is more than dangerous.

It is inexcusable and will do irreparable harm to society as a whole, no matter how brief a period the teachers stay out.

In our opinion, there is no way in which such actions can be justified.

How can those teachers go back to their classrooms after this escapade and teach even the most basic concepts of education?

If they don't honor their contracts, then why should any contract be honored? Forget about making their car or house payments or the note at the bank.

Why just limit it to their school contract?

According to the dictionary, a contract is (1) an agreement between two or more parties for doing or not doing something specified and (2) an agreement enforceable by law.

It is ridiculous to maintain that a teacher's contract is something special.

Why should it be?

For X number of dollars a person signs a contract to teach.

It's a two-way street.

And the worst part of it is that innocent youngsters are being deprived of their rights to an education.

We believe that those teachers who have gone on strike have obviously broken their contracts and thus should no longer be employed as teachers in the system.

Yet it must be conceded that a contract either means what it states or it is a mockery.

How can there be any exceptions?

As we said, the Los Angeles teachers' strike may be far removed at the moment from the community of Campbell.

Its impact, however, must concern us all.

If contracts and the courts can be flaunted by a group of people whose responsibility is to educate the young people of this country, we HAVE to be concerned.

offset the deficit could be lived with. So the bids were rejected by a 3-2 vote, for a while anyway.

Later in the evening, after discussions had waxed hot and heavy over where and how it would be possible to reduce costs when bids were asked for the second time, Doetsch indicated that he would be willing to reconsider the original bids again and made such a motion.

That motion was passed 3-2 with Chamberlin and Podgorsek holding firm.

Smeed made the final motion to defer any action on the reconsideration until next Monday when more information will be presented as to whether any major savings will result by calling for new bids.

That motion passed 3-2 with Chamberlin and Podgorsek again opposed, and the Council was right back where it had started four hours previously.

and we were highly honored to be invited by the "A.I.D.F.E.R." to attend the affair and mingle with the notables.

It was sad to think that we would have to pass up this opportunity of strolling with Bing and John Wayne down memory lane.

It just wasn't convenient to work it into our schedule. We hope Bing and John understood.

Of course, there was another factor involved.

The acceptance card had a blank to fill in for the number of reservations we desired.

At $50 per person.

Or we could contribute $1000 and become a patron.

To build a house for the governor?

We wonder if they knew that is just about what we went in hock for last year to put a new roof on our own home.

Maybe we need a "benefit premiere".

ANOTHER ANNOUNCEMENT that came to us in the mail is also "deserving" of mention, if only to indicate that your editor has real "status", or he is on the wrong lists.

This one informed us that "The Directors and Officers of the American Institute of Management have nominated George Vierhus (name written in) to membership in the President's Council in recognition of his individual executive management ability"...

Doesn't that really grab you?

We haven't returned the R.S.V.P. card in which George Vierhus, Campbell Press, "acknowledges with pleasure the nomination extended"...

There is a blank for our signature and telephone number with a notation at the bottom: "I understand I will be advised." (What does that mean?)

The envelope enclosed was directed to the "Director of Admissions" to the American Institute of Management in New York.

Now we are not knocking it.

We simply don't know anything about the "institute".

We don't really mind being "recognized" for our "individual executive management ability".

After all, we have long maintained that keeping this joint of ours in a reasonable solvent position does take some doing, although we question that it is because of our "individual executive management ability".

Maybe the reason we have not yet sent in the card acknowledging our nomination is that we would hate to be turned down.

Look what happened to two of Nixon's nominees to the Supreme Court?

THIS NEWSPAPER HAS also been invited to participate in the special "Newspaper National Championship Frog Jump" on May 14-17 in Angels Camp.

Most of you are probably aware of the Jumping Frog Jubilee of the Calaveras County Fair that is held each year in the historic mining town in which governors and other big-wigs from all over the nation have entries in the contest which tracessits origin to Mark Twain.

According to most recent news release from Frogtown, Angels Camp, 18 governors, including Gov. Ronald Reagan's "Jumping Jelly Bean IV" have indicated their frogs will be entered. Last year 24 governors had frogs competing.

Winner was Gov. Tom McCall's amphibian "Mister Oregon".

Anyway, newspapers, city editors, columnists, and press clubs have a special event, and The Press has been invited to enter a frog.

There is quite an inducement to enter. Our frog could win the $1,200 jackpot for breaking the world's record of 19-feet, 3-1/8 inches.

And if we can't catch our own frog, the mayor of frogtown will get a lively one for us and even provide a "jockey" to jump it.

As you can well imagine we have given a lot of thought to this.

However, there is one stipulation about the jubilee that sort of bothers us.

No toads are allowed.

There are some of our "friends" who would claim that would immediately disqualify us.

ONE OF THE MOST COMmendable projects we can think of is the reading guidance project of the Campbell Union (elementary) School which is dedicated to the memory of the late Jack Fischer, who was principal of San Tomas School for 13 years.

On Tuesday, May 12, at 7 p.m. at the San Tomas School (1510 Hacienda) the reading guidance program will be dedicated which will be climaxed with the unveiling of a commemorative plaque mounted on a huge boulder in front of the school.

Shortly after Jack's death, a fund was set up establishing a scholarship in his memory and, at the dedication ceremony, Mrs. Jack Fischer will present a $100 scholarship check to a student from either Campbell or Westmont High.

In order to make the scholarship self-containing, a total of $2000 is needed. Half of that amount is on deposit and contributions to the fund will be gratefully accepted. (Checks can be mailed to Mrs. Jean Boyack, c/o San Tomas School.)

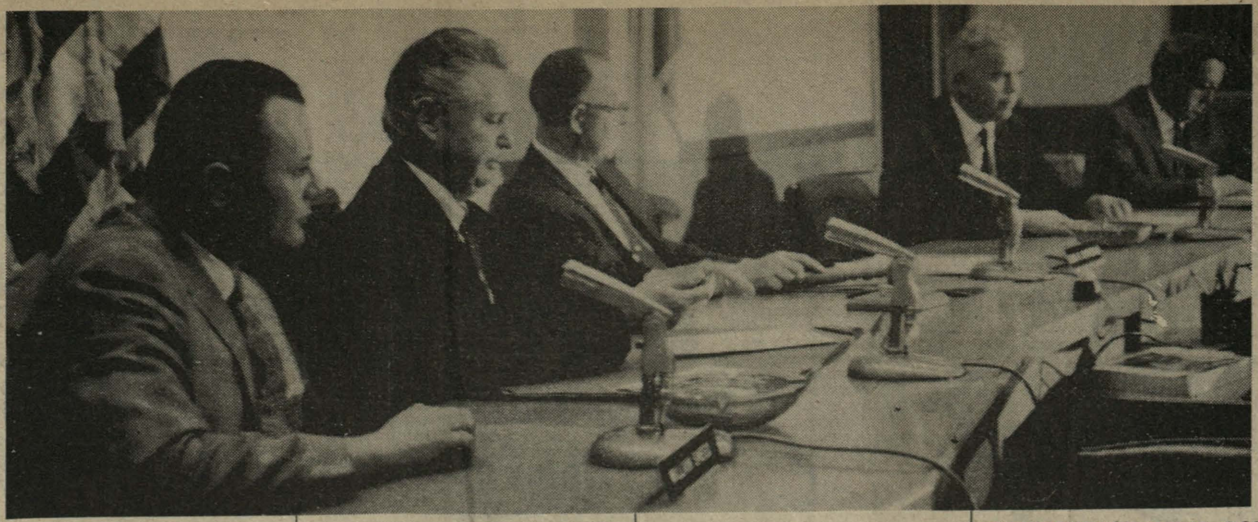
We think it is especially fitting that the reading guidance program of the district is being dedicated to the memory of Jack Fischer. Those of us who remember Jack will recall he sort of maintained his own "remedial reading program" for many years while he was principal.

But he was always ready to lend a hand to help those who needed help.

Somehow he always found the time.

So it is apropos that the community which he served so faithfully should pay lasting tribute to a great guy through this reading program memorial.

Jack would have liked that.



CAMPBELL'S CITY COUNCIL FOR 1970---Left to right, Bill Smeed, Ed Rogers, Mayor Dean Chamberlin, Bill Podgorsek and Vice-Mayor Ralph Doetsch.

ON CAPITOL HILL

with "Charlie" Gubser

Some weeks ago I wrote about the outstanding progress of Great Britain in controlling the pollution of the English environment. One of the features of Britain's highly successful program is a requirement that industry invest more heavily in anti-pollution equipment.

Though pollution from process industries contributes but 15% of the total pollutants across the United States, Congress will undoubtedly require an improvement of this record. Whether tax incentives will be used to encourage capital investment in anti-pollution equipment, or strict regulations imposed, or both, remains to be seen.

Some American industries have tried consistently to minimize the pollutants emanating from their factories. One of these is the Kaiser Aluminum and Chemical Corporation.

On April 2 Kaiser President T. J. Ready, Jr., said that his company will spend approximately $25 million during the next five to eight years for new and improved environmental control systems on existing facilities. In addition, the corporation will spend 13% of the cost of its new or expanded facilities on environmental control.

These investments are in addition to the $68 million the company has already spent on anti-pollution equipment and the $2.3 million annually required to operate control facilities already in existence.

The Kaiser Corporation has also announced a vigorous attack on the problem of solid waste disposal including a program of reclaiming and recycling aluminum cans. It will pay civic, youth, church and other organizations 10¢ per pound or ½¢ for each all-aluminum can which is returned to a collection point for recycling.

Kaiser's first plant at Permanente was equipped with electrostatic precipitators when first built in 1939 when most cement plants used no pollution abatement equipment whatsoever. The control equipment ahs been improved and added to and now represents more than 10% of the total capital investment at Permanente.

At its mineral processing plant at Moss Landing, Kaiser has imposed new regulations requiring a collection return of pollutants to 99.9% plus efficiency. It will install new facilities costing over $2 million to meet this regulation. In 1967 Kaiser commissioned the Marine Laboratories of the California State Colleges to conduct a $45,000 study and make recommendations regarding pollution of Monterey Bay by its magnesium plant. A new outfall line was recommended and Kaiser is preparing to build it.

Shortly Kaiser will install a complete innovation in the control of emission at its steel plant at Fontana, California. A huge "baghouse" developed after 12 years of research will be constructed at a cost of $2.6 million.

Such a public spirited attitude deserves the acclaim of every concerned American. It is hoped that all industry will assume the attitude expressed by a Kaiser official when he said, "The corporation welcomes the shifting goals in our society today which makes concern for the quality of our environment first priority.... We can make improvements, and we will!"

Two eleven year old boys need foster homes

Are there two homes in Campbell that would be "just right" for an 11-year-old boy?

Two boys are living at Eastfield who are ready to go into a foster home that will give them a family situation that will lend stability to their lives. If you think your home qualifies, call Mrs. Katherine Heller at Eastfield Children's Center, 379-3790.

Children at the 251 Llewellyn center are there because they have had emotional problems; when they have worked out these problems to where they can relate to a family situation, they can go into a foster home.

In these two cases, the foster home care will be long term because the boys will not be returning to their own families.

The Campbell Union Elementary School District will present its annual Art Festival May 9 and 10 at the Campbell Elementary School. Featuring student art work done by children from kindergarten through eighth, all of the district schools will be participating.

Student artists will be demonstrating throughout the day in many different art media such as clay throwing on the potters wheel, tie and dye, fabric batik, as well as the more conventional art work.

A light show will be presented by the Campbell School eighth grade students and a music ensemble from Rolling Hills will play. The public is cordially invited to attend. The show will be open from 10 a.m. to 4 p.m. on Saturday and on Sunday from 12 noon to 4 p.m.

Coordination of all activities is under the direction of Mrs. Marcia Wells, art director.

On Saturday students from Cypress School will present a batik demonstration at 10 a.m. At 11 Blackford School students will show how clay is formed. Rolling Hills School students under the direction of Tom Fox, will present musical selections from 12 to 1.

"School Is" is the title of the audio visual presentation scheduled at 1 p.m. and at 1:30 p.m. Rolling Hills School students will demonstrate the art of throwing clay at the wheel.

A mini-film display of student-made films will be shown at 2 p.m. and at 3 p.m. the Campbell School eighth grade students of Ed McCaulley, will present a light show.

The Sunday, May 10, program will include a repeat of the Saturday afternoon demonstrations with the exception of the 12 noon period at which time Monroe School students will demonstrate tie-dye techniques.

Senior center stays open after cutback

Although funds for the West Valley Senior Action Center were terminated April 30, along with all other OEC agencies in Santa Clara County, the center will continue to stay open as long as possible.

Members of the staff have volunteered to work without pay and the members will help meet transportation and utilities charges.

In order to meet the expenses, the center will hold a gigantic rummage sale May 15 and 16 at 344 E. Campbell Ave. Clean, salable rummage is badly needed and may be brought directly to the sale.

Newly-weds to live in Germany

Germany will soon be the new residence address of newly-weds Mr. and Mrs. Michael Lee Howells. Mike has already reported for duty with the U.S. Army in Germany and will send for his bride, the former Cheryl Kay Thomsen as soon as possible.

The Milpitas Reformation Lutheran Church was the setting for the double ring wedding performed by the Rev. Langhoff. For her wedding day Cheryl chose a full length white gown with brocade lace over white satin, fashioned with puffy brocade sleeves. Completing her ensemble was a shoulder length veil caught with white daisies with pearls, and she carried a bouquet of white stephanotis and white daisies.

Full length yellow chiffon gowns were worn by bridal attendants Doris Young, Sally DeMoss and Carolynn Thomsen, who all carried daisy bouquets in yellow and white with green ribbons. Cheryl is a graduate of Samuel Ayer High School and is presently employed at Food Machinery as a clerk typist. She is the daughter of Mr. and Mrs. Carl K. Thomsen of Milpitas.

Mike is the son of Mrs. Evor Howells of 1260 Garbo Way. A Westmont High School graduate, he was employed at FMC as a technical writer trainee before entering the service.

The role of best man was carried out by his brother, Evan Howells with Gale Howells and Wayne Hale ushering.

Following the ceremony the young couple greeted their guests at a reception held at the bride's parents home before leaving on their wedding trip to Los Angeles.

For the eventful day the two mothers of the bridal couple chose pink and blue for their dresses with Mrs. Thomsen wearing pink with matching accessories and Mrs. Howells in blue chiffon with matching accessories. Both outfits were complemented with white corsages.

Finian's Rainbow will be performed in the Campbell High auditorium this Thursday, Friday and Saturday nights and the price for students is $1.25. Tickets can be bought from any member of the cast or at the door on any of the three nights.

The house is expected to be packed for all performances so buying your tickets in advance would be wise.

Seniors are again reminded to buy their tickets for the all-night graduation party. The price of $12.75 includes all the food you can eat all night (spaghetti, chicken, salads, drinks, bread and rolls, and cake), dancing all night to the music of the Chosen Few and Together, games with the prizes being top name albums, and free rides.

We will be joining Leigh High for the party at Frontier Village, and it is doubtful that tickets will be sold at the door. All guests of graduating seniors are welcome as long as their tickets have been paid for.

Experimental drugs stolen

Dangerous, experimental drugs, which could kill the person using them, were stolen from the offices of Dr. Edward L. Cahn, 281 E. Hamilton Ave. over the weekend. The drugs, used in connection with cancer and leukemia experiments, were taken by the burglar who apparently thought they were narcotics.

The door was split open by the burglar and syringes and needles were also taken, in addition to the experimental drugs.

A tape recorder, microphone and miscellaneous equipment was stolen from Hamilton School, 480 E. Hamilton Ave. after the school was broken into. The burglar also managed to ransack the school offices, and cause other damage to equipment.

Ted's Enco, 921 W. Hamilton, was in the position of being a gas station unable to pump gas after someone maliciously cut the nozzles off the gas lines connected to the pumps.

Tires were cut on cars parked in front of the Walter Haloyko residence, 1189 Central Ave. and Donald Lorenze, 1021 Lenor Way. Damage amounted to $60 in both instances.

Ed. Note: One of the ballots received in the "Mother of the Year" contest was received from Vietnam. Although the nominee did not receive the title, The Campbell Press thought that Mrs. Ila Brown, 735 Sobrato Dr., should at least be given honorary mention. Printed below is the letter which accompanied the ballot.

NOMINATES MOTHER

Dear Campbell Press:

Here is my ballot for "Mother of the Year". I hope I am not too late, but I just received my copy of the April 15th issue of The Campbell Press so I don't know; maybe the contest is over by now.

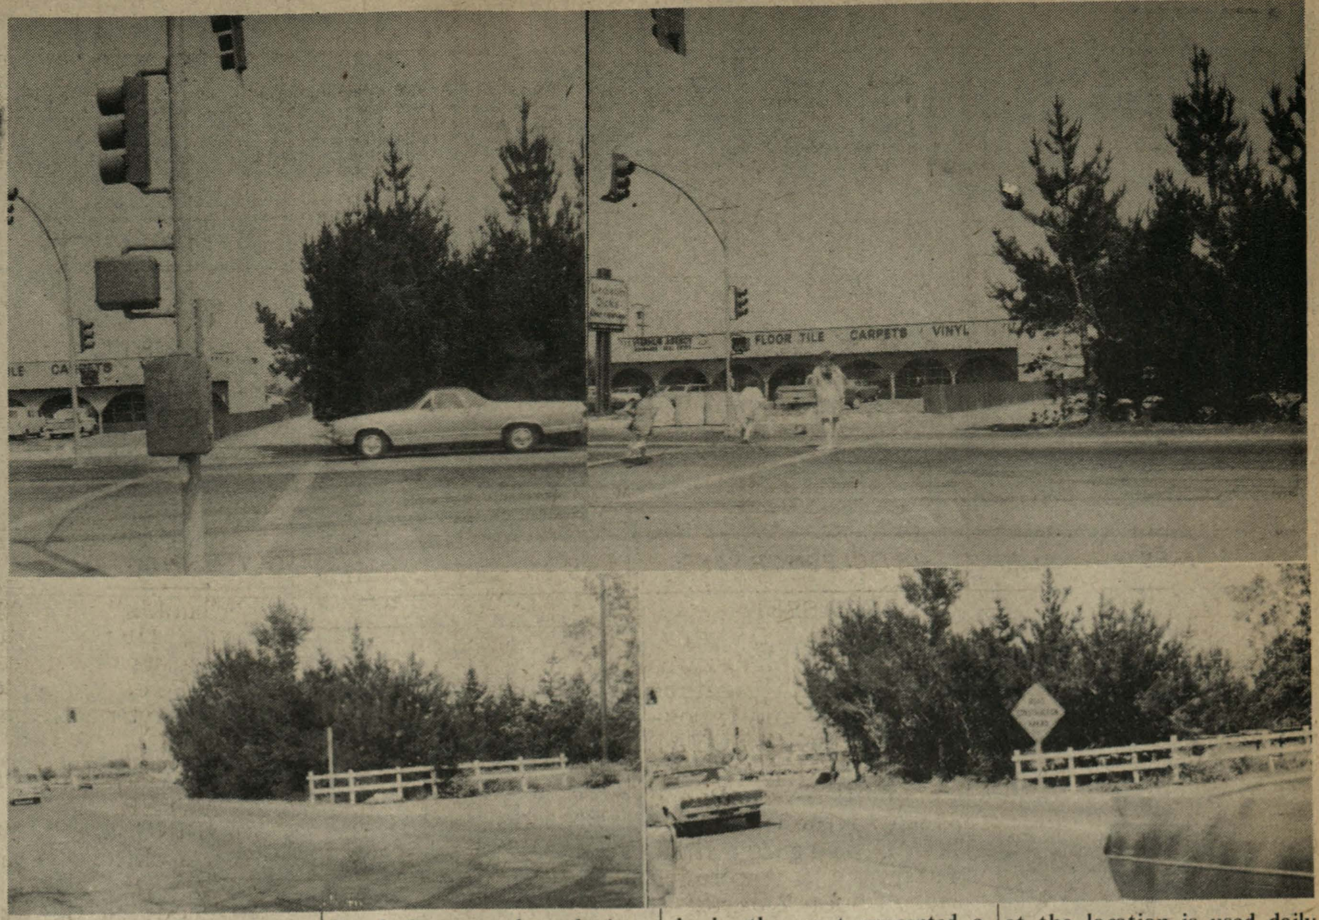
At any rate she is a mother of five girls and a mother to me for the past ten or so years. She and her husband both are real active in the San Tomas Baptist Church, where I first met them when I was about 8 years old. They have "adopted" another "son" whom they met through the church while I've been here in Vietnam. They also are currently under investigation in order to receive their foster parents qualification rating and hope to adopt formally a little baby girl.

She is also active in the Hazelwood School PTA and school activities. Her work with kids is unending. I can't really say enough for them both.

By the way, my 20 months in Vietnam will be over in another 23 days and I want to thank you for the good service in getting my paper to me. After May 17 I will be at 735 Sobrato Dr., so you can deliver my paper there.

I guess that's all, so thanks again.

Sincerely,
CW2 George Conger
(1964 grad of Campbell High)



BETTER VISIBILITY NOW-- These before and after photos show how the trees have been cut back at this one spot on South Bascom where the improved and widened roadway funnels back to its former width. Prior to the cutting back, the spot presented a hazard to pedestrians as well as motorists. The cross-walk at the location is used daily by youngsters from the Bohnett School.

APPRECIATES POLICE

Dear Sir -

Sometimes our Policemen must feel they are just "servants" and no rewards! I happen to feel very secure being a "Campbell Resident" due to two incidents - personally and I wish you'd publish the article and maybe you could name the men involved - I don't know who answered the call!

I live in Hamilton Mobil Home Park - I'm a widow - not young, but not elderly - I have two married daughters who live off Blossom Hill Road in San Jose - 20 minutes from me - and four grandchildren.

March 12th - at 1:30 a.m. - I was returning home from my daughter's - (we played bridge to celebrate my mother's birthday March 11th) and no one was behind me at Bascom and Hamilton - but as I turned in the Park Gate a car flew in right up against my bumper with bright lights up - I saw the outline of a man - I pulled over and so did he - I drove around the Shuffleboard Court and stopped, so did he - I knew then he was following me.

I've had two heart attacks so I try not to panic - I should have laid on my horn but that park is full of over 60 people and I didn't want to frighten anyone - I did not want to drive to my trailer so I sat there trying to think and suddenly he drove past very fast - I waited and waited and he didn't come back so without lights I drove slowly to my home and there he was - lights out - waiting on the corner.

I sped up and apparently he did too, as I came out of the side street I almost hit him - so I saw him fully - I raced out of the park and up Bascom - to find the police. Now I needed nitroglycerin, which I took - I saw a California Highway Patrolman - two of them - searching a car. I drove up near them but they just ignored me - I started to drive away when I saw a Campbell Policeman and I waved - he came over - listened and was on his phone - he told me an officer would meet me at the entrance.

Sure enough, one was there - he got out and heard the details, then followed me to my home, waited while I checked out the place. He looked around outside - then he drove off saying, "If you're worried - call us immediately - we'll be right here."

The second episode took place March 26th - at 7 p.m. my two daughters dropped off the 12 year old boy and 9 year old boy and 4 week old girl. I was fine - ½ hour later I felt a heart attack coming - I took my pills - called my doctor - waited but the doctor was out - more pills, but more pain-finally I knew it couldn't be helped by me.

I was upset because I knew the children would be frightened. I called the 12 year old and said "If I pass out - get a neighbor". I sat by the phone waiting for word from my doctor-the 12 year old started to cry - then he said, "Nana, call the Police - they'll help you".

So I did - and within five minutes three policemen bounded into my living room - followed by the ambulance. The two Campbell officers kept calmly reassuring me - one of them kept his hand on my shoulder and said not to worry about the children - the third officer got on a Walkie-Talkie trying to locate my daughter and in 15 minutes neighbor women were asked to care for the kids - by the officer - and I was on my way to Good Sam Hospital.

The promptness - the kindness - the concern impressed me. I am SO glad I live in Campbell! I wrote to the Captain of Police to thank them and Chief Morgan sent a reply - which my daughter said "Everyone at West Valley College agrees Chief Morgan is a wonderful man".

Unsung heros? No - I'll sing this story over and over. Unless you have a heart attack and are without a beloved companion you can't imagine what a hand in yours can do for you - it gives you strength and faith. The officer who helped me - bless him - did that for me.

Sincerely,
Mikette Gilmore

P.S. I'm out of the hospital and being cared for at my daughter, Janet Sunroll's home at 1292 Antwerp Lane, San Jose - 265-1835 - in case you want to talk to me - or anyone does!

I'm a subscriber - and I enjoy the paper very much!

Thank you,
"Mike" Gilmore

DATE:

The bonds are dated June 1, 1970.

MATURITIES:

The bonds mature serially (without option of prior redemption) in consecutive numerical order, from lower to higher, on June 1 in each of the years, as follows:

Principal Amount	Maturity Date (June 1) (both years inclusive)

20,000	1974
25,000	1975

INTEREST RATE:

Maximum six (6) per cent per annum, payable annually the first year on June 1, 1971, and semiannually thereafter on June 1 and December 1 in each year. Bidders must specify that rate of interest which the bonds hereby offered for sale shall bear. Bidders may specify any number of separate interest rates irrespective of the maturities of the bonds, and the same rate or rates may be repeated as often as desired; provided, however, that (i) the difference between the highest and lowest coupon rates specified in any bid shall not exceed one and one-half per cent; (ii) each interest rate specified must be in a multiple of 1/20 of one per cent and a zero rate of interest cannot be specified; (iii) no bond shall bear more than one rate of interest, no interest payment shall be evidenced by more than one coupon and supplemental coupons will not be permitted; (iv) each bond shall bear interest from its date to its stated maturity date at the interest rate specified in the bid; (v) all bonds of the same maturity shall bear the same rate of interest; and (vi) any premium must be paid in bank funds as part of the purchase price, and no bid will be accepted which provides for the cancellation and surrender of any interest coupon or for the waiver of interest or other concession by the bidder as a substitute for bank funds. Bids which do not conform to the terms of this paragraph will be rejected.

PAYMENT:

Both principal and interest are payable in lawful money of the United States of America at the San Francisco Main Office of Bank of America National Trust and Savings Association, in San Francisco, California, or at holder's option, at the principal office of First National City Bank, in New York, New York, or at the office of The First National Bank of Chicago, in Chicago, Illinois.

EXECUTION AND REGISTRATION:

Coupon bonds will be issued by the City. The bonds will be executed by the manual signature of at least one official authorized to execute the bonds. The bonds are registrable as to principal only or as to both principal and interest. Registered bonds are subject to deregistration and re-registration as provided in the resolutions authorizing the issuance of the bonds.

PURPOSE OF ISSUE:

The bonds are authorized by vote of two-thirds of the qualified voters voting at a special bond election for the purpose of authorizing bonds for the acquisition, construction and completion of park and recreation facilities for the City of Campbell.

SECURITY:

The bonds are general obligations of the City of Campbell and said City has power and is obligated to levy ad valorem taxes for the payment of the bonds and the interest thereon upon all property within the City of Campbell subject to taxation by said City (except certain personal property, which is taxable at limited rates), without limitation of rate or amount.

TAX EXEMPT STATUS:

In the event that prior to the delivery of the bonds (i) the income received by any private holder from bonds of the same type and character shall be declared to be taxable (either at the time of such declaration or at any future date) under any federal income tax laws, either by the terms of such laws or by ruling of a federal income tax authority or official which is followed by the Internal Revenue Service, or by decision of any federal court, or (ii) any federal income tax law is adopted which will have a substantial adverse tax effect on holders of the bonds as such, the successful bidder may, at his option, prior to the tender of the bonds by the City, be relieved of his obligation under the contract to purchase the bonds and in such case the deposit accompanying his bid will be returned.

LEGAL OPINION:

The legal opinion of Messrs, Orrick, Herrington, Rowley & Sutcliffe of San Francisco, California, approving the validity of the bonds will be furnished to the successful bidder without charge. A copy of the legal opinion, certified by the officer in whose office the original is filed, will be printed on each bond without charge to the successful bidder.

TERMS OF SALE

Highest Bid: The bonds will be awarded to the highest bidder considering the interest rate or rates specified and the premium offered, if any. The highest bid will be determined by deducting the amount of the premium bid (if any) from the total amount of interest which the City would be required to pay from the date of the bonds to their respective maturity dates at the coupon rate or rates specified in the bid, and the award will be made on the basis of the lowest net interest cost to the City. The purchaser must pay accured interest from the date of the bonds to the date of delivery. All interest will be computed on a 360-day year basis. The cost of printing the bonds will be borne by the City.

Right of Rejection: The City Council reserves the right, in its discretion, to reject any and all bids and to waive any irregularity or informality in any bid.

Prompt Award: The City Council will take action awarding the bonds or rejecting all bids not later than 24 hours after the expiration of the time herein prescribed for the receipt of proposals, unless such time of award is waived by the successful bidder.

Prompt Delivery: Delivery of the bonds will be made to the successful bidder at the San Francisco Main Office of Bank of America National Trust and Savings Association, in San Francisco, California, as soon as the bonds can be prepared, but not prior to the date of the bonds. Payment for the bonds must be made in bank funds immediately available to the City in San Francisco, California.

Right of Cancellation: The successful bidder shall have the right, at his option, to cancel the contract of purchase if the City shall fail to execute the bonds and tender the same for delivery within sixty (60) days from the date of sale thereof, and in such event the successful bidder shall be entitled to the return of the deposit accompanying his bid.

Form of Bid: All bids must be for not less than all of the bonds hereby offered for sale and for not less than the par value thereof and accrued interest to date of delivery. Each bid, together with bidder's check, must be enclosed in a sealed envelope addressed to the City Council of the City of Campbell and endorsed "Proposal for City of Campbell 1969 Park Bonds, Series B." All bids must either be mailed to the City Council at the City Hall, 75 North Central Avenue, Campbell, California, in time to be received by 8:00 P.M. (P.S.T.) on May 26, 1970, or delivered to the City Council at said place by said time on such date.

Bid Check: With each bid must be submitted a certified check or cashier's check for $2,000 drawn on a bank or trust company transacting business in the State of California, payable to the order of the Treasurer of the City of Campbell to secure the City from any loss resulting from the failure of the bidder to comply with the terms of his bid. Checks of all bidders (except the successful bidder) will be returned by the City by mail promptly following the sale date above specified. No interest will be paid upon the deposit made by the successful bidder.

Estimate of Net Interest Cost: Bidders are requested, but not required, to supply an estimate of the total net interest cost to the City on the basis of their respective bids, which shall be considered as informative only and not binding on either the bidder or the City.

Official Statement: The City has caused an official statement to be prepared, a copy of which will be furnished upon request addressed to Schwabacher-Rafferty & Co., 100 Montgomery Street, San Francisco, California 94104, the City's financing consultant.

There is no controversy or litigation pending concerning the validity of the above issue, the corporate existence of the City, or the title of the officers thereof to their respective offices, and the City will furnish to the successful bidder a no-litigation certificate certifying to the foregoing as of and at the time of the delivery of the bonds.

NOTICE OF CONSOLIDATED SPECIAL BOND AND MAXIMUM TAX RATE INCREASE ELECTION

(Completely consolidated with Direct Primary Election)

NOTICE IS HEREBY GIVEN that on Tuesday, June 2, 1970, a consolidated election will be held in the CAMPBELL UNION SCHOOL DISTRICT of Santa Clara County, California, at which election there will be submitted to the voters of the District the following questions in the order in which they are numbered:

PROPOSITION NO. 1:

Shall the Campbell Union School District of Santa Clara County incur a bonded indebtedness in the principal amount of $2,590,000.00 bearing interest at a rate of not exceeding 7% per annum, payable annually for the first year the bonds are to run, and semiannually thereafter, the number of years the whole or any part of the bonds are to run shall not exceed 25 years from the date of the bonds or the date of any series thereof, to provide funds for the following purposes (which are hereby united and shall be voted upon as one single proposition) to wit:

1. The purchasing of school lots.
2. The building or purchasing of school buildings.
3. The making of alterations or additions to the school building or buildings other than such as may be necessary for current maintenance, operation or repairs.
4. The repairing, restoring or rebuilding of any school building damaged, injured or destroyed by fire or other public calamity.
5. The supplying of school buildings and grounds with furniture, equipment or necessary apparatus of a permanent nature.
6. The permanent improvement of the school grounds.
7. The carrying out of the projects or purposes authorized in Section 15811 of the Education Code, to wit, providing sewers and drains adequate to treat and/or dispose of sewage and drainage on or away from each school property?

At an election held in this district on September 15, 1964, $5,000,000.00 of bonds were authorized with a maximum interest rate of 5%. $2,410,000.00 of these bonds have heretofore been sold and $2,590,000.00 remain unsold and cannot now be sold because interest rates in the bond market are higher than 5%. The $2,590,000.00 of bonds to be voted on at the election to be held in this district on June 2, 1970, are authorized for the same purposes as the above-mentioned unsold bonds, which will NOT be offered for sale if the coming election carries.

PROPOSITION NO. 2:

Shall the proposed increase in the maximum tax rate from $2.55 to $3.15 per one hundred dollars ($100.00) of assessed valuation, such rate to be in effect in the Campbell Union School District for the school years 1970-71 to and including 1972-73, the revenues of which are to be used for the maintenance of the educational program, including funds for instructional supplies, library books, the maintenance and repair of buildings, grounds and equipment, operation, employee salaries, capital outlay, and to make such other lawful expenditures as may be required, be authorized?

The polls will be kept open between the hours of 7:00 o'clock A.M. and 8:00 o'clock P.M.

Each qualified elector of said Campbell Union School District shall be entitled to vote only in the School District Election Precinct of which he is a resident.

The election returns will be publicly canvassed commencing Thursday, June 4, 1970, by the Registrar of Voters at his office, 45 West St. James Street, San Jose, California.

Absent Voter Ballots may be obtained by applying, in person or by mail, at the office of the Registrar of Voters, 45 West St. James Street, P.O. Box 1147, San Jose, California 95108, and such ballots shall be returned to him.

Applications for Absentee Ballots will be accepted between May 4, 1970, and May 26, 1970, inclusive.

The deadline for the receipt of voted Absentee Ballots at the office designated above is 5:00 o'clock P.M., Monday, June 1, 1970.

The election precincts and polling places designated and the election officers appointed for the DIRECT PRIMARY ELECTION to be held on June 2, 1970 are hereby designated and appointed for this election within the boundaries of the Campbell Union School District.

The County Superintendent of Schools, by this Notice of Election, has called the election pursuant to a Resolution and Order of the Governing Board of the District, adopted February 26, 1970, in accordance with the provisions of Education Code Sections 1303, 1307, 1323, 1325, 1326, 1342, 20803, 21701 and 21751.

Student writes articles on bond election for school paper

The following article is reprinted from the Westmont High School school paper by Stu Gerould, class of '71. It was called to The Campbell Press' attention by Dorothy Hall, school librarian, who reported that "here is a teenager with something to say which surely should be said to a wider reading audience than just a high school.

Entitled an "Open Letter to Parents" the article follows:

"A lot has been said about 'today's teenagers are tomorrow's leaders.' You and other adults complain that teenagers are not responsible or looking ahead into the future. Yet when you have a chance to vote funds for an organization which can help youth, you kill it with a 'no'.

"On Tuesday, February 17, you, the voters of the Campbell area had a tax election for more funds for schools. The results were appalling! The tax failed to pass, and now Campbell Union High School District continues to have the lowest cost per student in Santa Clara County.

"The tax failed by 7925--6179 with only 18½% of the registered voters voting! It seems to us that more of you would be interested in the youth of your area. You complain about the lack of opportunities to express your opinion on taxing matters. Yet when you finally have the chance, with such an important issue, less than one-fifth actually vote.

"The proposed tax increase would have raised the general property tax just 24 dollars a year. Unless it is passed at a later date, CUHSD will have to scrimp in the educational facilities it has been so proud of. This means less activities, less personal attention for the student, and lessened opportunities for the accelerated students.

"What will happen if such popular school activities as drama, music, and athletics cease to exist? In what activities will students then engage?

"A cut in education at this very important stage of learning affects the future of all high school students. We are extremely concerned with this problem, for if the funds are not obtained we will spend our next year in an undernourished school.

"You, the parents of the area should become more aware of the amount of money needed to run an effective educational system. Hopefully you will use better judgment when the issue is put before you again. Perhaps parents fail to realize that we really do care. Do you?"

NEIGHBORHOOD NO. 17

Mrs. W. E. Kahn and Mrs. Tom Flanagan, elected representatives from Neighborhood 17, attended the Annual Fall Meeting of the Santa Clara County Girl Scout Council recently.

Board of Directors elected to a three year term of office for the Council: Mrs. Horace Fansler (Cupertino), president; Mrs. Joseph Frank, Mt. View, 1st vice-president; Mrs. F. A. Jones, San Jose, 2nd vice-president; Mrs. Chester Keil, Sunnyvale, 3rd vice-president; Mrs. Robert Hampton, San Jose, secretary; Wayne Storer, Santa Clara, treasurer.

Mesdames Edward Arnold, Nogah Bethlahmy, Dean DeWitt, Diane Eigner, Betsy Fiksdal, David Hatch, B. J. McMurtry, Stanford Neice, R. A. Warren, Campbell, C. W. Spalding, and Mr. Fred Bachofen and John Prolo, Campbell, were elected members-at-large of the Council.

The annual meeting theme "Awareness" pinpointed fulfillment of the past three year goal, "Broadening the Reach of Girl Scouting. Outgoing President, Mrs. Lawrence Thompson, told the delegation "We have made a concentrated effort to reach and serve a membership truly representative of Santa Clara County."

New goals for incoming officers raised the question, "Can 25,186 Girl Scouts make a difference in Santa Clara County?"

Mrs. Kahn and Mrs. Flanagan will make a full report to Campbell leaders at the Neighborhood meeting April 14, 9:30 a.m. at 400 W. Campbell Ave. A third delegate, Mrs. Ken Labrovich, was unable to attend.

BATMEN NUMBER THREE

After at one point holding down the cellar spot in the Camino Norte Conference with a 1-4 record, the West Valley College baseballers came on with a late season surge to finish with a conference third. The Vikings won nine of their last 14 league games including a 7-6 win over DeAnza that caused a tie at the top of the heap.

Valley ended the year with four players batting over the ,300 barrier. Greg Ojeda was the squad leader hitting at a .359 clip as Roy Meisner clouted .333, Jim Hidalgo .308, and Lew Gasper .301. Jim Ellison and Dan Wright finished with fine averages of .273 and .277, respectively.

Qualify for Nor Cal

The West Valley College trackmen went out to the Camino Norte Conference finals last weekend with the main purpose to qualify as many athletes as possible for the Northern California meet May 13 in Modesto. The Vikings placed third at the meet and qualified 18 cindermen for NorCal action.

DeAnza won the meet while qualifying 21 with a total 153½ points, followed by Contra Costa with 106, West Valley with 86½, Santa Rosa 53, Marin 46, and Solano 45.

Dan Cruz and John Howard sparked Valley ovalmen as each placed first in the CNC in their respective events. Cruz bettered the conference record in the mile run by more than three seconds as he was clocked at a cool 4:14.0. In the triple-jump, Howard led the field with a leap of 43' 11½".

Golfers Gun for Upset

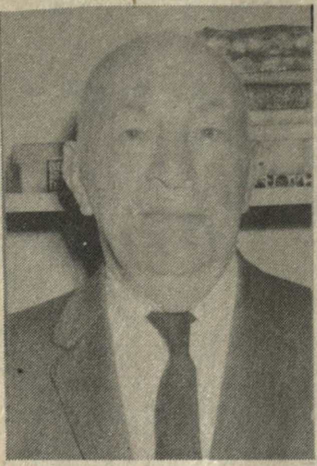
The West Valley College golfers will be out to upset as they enter the Camino Norte Conference Tournament next Monday (May 11) as the Vikes finish what is probably one of their least productive years in the history of the school.

Valley ended with a 5-5 CNC record after years of titles for the orange and blue. Their five wins were their only victories of the season as they dropped eight non-league matches in the 1970 season.

PONY LEAGUE OPENS SEASON---On Saturday, May 2, city officials participated with Campbell-Moreland Pony League officers, in launching the 1970 league schedule at the city-owned Rincon Park. Flag-raising ceremonies were conducted by members of West Valley American Legion Post 158.

Among those taking part in the ceremony were (left to right) Mayor Dean R. Chamberlin; Police Chief John Morgan; Don Hebard, chairman of the Parks and Recreation Commission; and Les Baldinger, president of the Campbell-Moreland Pony League. John Smurthwaite was M-C for the program.

Obituaries



MOSE GOLDMAN

Funeral services were held Thursday, April 30 for Mose Goldman, former owner of The Golden Rule Department Store, who passed away April 28, at the age of 79.

Goldman, who made his home at 223 N. Second St., had owned the Golden Rule for almost 10 years, and had operated the largest retail outlet for Levi's in the entire area. He sold it a year ago in May to Sylvia Vassia, but has since helped out at the store from time to time during rush periods.

He was an active member of the Campbell Chamber of Commerce, the Petaluma Masonic Lodge, Petaluma Elks Lodge and B'nai B'rith Lodge 846 of Petaluma.

Prior to his purchasing the Campbell store he had owned businesses in other towns, and had "retired" twice before leaving the Golden Rule.

Goldman leaves his wife, Betty, of Campbell, and his brother, David Goldman, of Oakland. He was also the uncle of Walton Goldman and great-uncle of Michael Goldman of Oakland and the uncle of Herbert Goldman of New York, N. Y.

Funeral services were under the direction of Lima-Salmon and Erickson with final interment at the Home of Eternity Cemetery in Oakland. Donations to favorite chartiies would be appreciated.

WVC presents franchising course

Two classes dealing with financial planning and franchising will be repeated at West Valley College in May due to an overwhelming response when they were first offered.

On May 13 the first class of "Money! How to Get It - How to Keep It" will begin. During the four Wednesday night sessions (which run from 7 to 10 p.m.) discussions will be held on alternatives available for saving your dollars, other investment alternatives, analyzing growth potentials, and estate planning.

The course will be taught by H. Bruce Furchtenicht, an account executive with a local investment securities firm. Other speakers will also be brought in during the seminar.

On May 14 the college will repeat "Franchising as a Business Opportunity". This Thursday night course will also run for four weeks.
